

Second Grade News

ENGLISH LANGUAGE ARTS

In Reading, students will read stories and texts that will help them identify the qualities many good leaders possess. They can learn to recognize these qualities in themselves so they can work to become good leaders in the classroom and in school.

WRITING

In Writing, students will write a personal essay. They will think about their unique characteristics and how they are different from others.

SCIENCE/SOCIAL STUDIES

In Science, students will continue to learn about animals and their habitats.

In Social Studies, students will continue to learn about democracy and American symbols.

MATH

In topic 8, students will learn about time and money. They will solve problems with coins and dollar bills. They will also tell and write time to five minutes, before and after the hour, and learn the difference between A.M. and P.M.
